1. Introduction

This blog is powered by Hugo with the customized Magzine theme. It supports Obsidian markdown notes, Jupyter Notebooks (.ipynb), and embedded PDF reader documents.

2. Publishing Notes

- Obsidian Notes: Place your notes or drag them into Dashboard. Callouts like `[!note]`, `[!tip]`, `[!warning]` are natively supported. Highlights with `==text==` are automatically converted to marks.
- Jupyter Notebooks: Code cells and chart outputs are automatically rendered.
- PDF Notes: Directly upload or link PDFs with embedded interactive readers.

3. Resources Library

- Upload files (PDF, archives, tools) to the repository.
- Upload entire folders to automatically zip them into archives.
- Direct downloads with single-click buttons.

4. Maintenance

- One-click GitHub Deploy & Git Pull directly in Dashboard.
- Enjoy your blogging journey!
